

Hi all, some images and write up from Chris O and Co after the first week of camps. Great weather, good times and the crew had the river to themselves for most of the week! Was over there for the last few days of the first week and everyone was still going hard and making the most of having Chris O'Shea and Sam Thomson in the boat coaching.

Night friend

Jordan giving to peace.

Markes spinning to win.

All the crew

Hi all, we have just finished the first week of the Malibu Just Ride Elite Camp at Brett Sands Watersports in Echuca. We had a big group of shredders on our hands. Everyone was killing it. There was lots of head plants and plenty of new tricks landed. We had Dean go from no inverts to walking away with 2. The kid was fearless nice work Deano. Markes walked away with a tantrum to blind, crow mob and moby dick. Also Jordan was learning inverts like they were nothing and started doing some stezzy grabs on his spins. Feebe was ripping almost got a tantrum this girl charged with no fear. Bell was on the toe 7's and riding with style. All in all they were a great fun crew to hang with in the boat all week. Thanks for your determination on the water I had a blast watching you all progress. Yew hope to see you all next year.

Chris O
