

2019 RESPONSE TXI

REWRITING THE RECORD BOOKS

The original Malibu Response TXi is a legendary ski boat, pulling pro riders to 10 world records. Now, the 2019 TXi is designed to deliver the next generation of dominance—and it's already rewriting the record books. The three-finned T-Cut Diamond Hull creates astoundingly soft, flat wakes, and the TXi's laser-like tracking and precision handling enable it to pull with incredible consistency. Blending function with renowned Malibu luxury and bold styling, the TXi comes equipped with an ISOTTA steering wheel, walk-through windscreen, dry storage with a USB charging port, side combing pads with storage beneath and billet aluminum grab handles, storage compartment lids and available folding ski racks.
